Announcement of Piracy Risk Surcharge for the Asia to India and Pakistan trade

Wednesday, 2 February 2011

Dear Customer,

We regret to announce that in order to sustain a viable weekly service, we have no choice but to implement a Piracy Risk Surcharge (PRS) in order to contribute towards the substantial costs incurred as a consequence of the additional insurance as well as fuel costs for the vessel speed-up through those areas most at risk from piracy attacks.

The map below shows the geographical scope which is impacted by the higher insurance costs and the vessel speed up requirements:

Effective from 1 March 2011 the PRS in the amount of USD25/20' container and USD50/40' standard or high cube container will apply to all rate agreements from Asia to India and Pakistan. The PRS will be applied for all cargo with a Bill of Lading On-Board date of 1 March 2011 onwards until further notice.

Please contact your local **Hamburg Süd** representative for further information.

Thank you for your continued support of our services.
